What were the Urim and the Thummim? (some thoughts on the matters)

1. A necklace of gems

2. 3 antique stones representing 3 answers: affirmative, negative, neutral

3. Polished and unpolished diamonds inscribed with the name of the LORD, which the High Priest could cast on a table, thereby deducing God’s answer based upon their final positions

4. "Revelation” and “Truth,” as interpreted by the Septuagint

5. "Explanation” and “Decision”

6. "Light” and “Right” (Martin Luther)

7. "Light” and “Salvation”

8. As having opposite meanings, and thus indicating what God would and would not permit

9. A message conveyed directly by God to the High Priest, who was wearing the ephod and the breastplate

It appears that what can be stated with certainty was that the Urim and Thummim were a means by which the LORD communicated His will for His people through the High Priest.

Consecration of the Priests—Exodus 29

The consecration of the priest meant entire dedication and devotion to his office.

The offerings emphasized redemption as the basis and well-spring of service.

The washings indicated purity as the necessary preliminary and continuous accompaniment of work for God.

The continual burnt offering meant constant consecration.

The meeting of the believer with God in this continual consecration indicated consequent blessings.

(W.H. Griffith Thomas)
The sacrificial blood was also sprinkled on the altar, and blood mixed with the anointing oil was sprinkled on Aaron and his sons, and on their garments.
